

March 23, 1976

SENATOR MARVEL: Okay, now Vince, the next one has to do with State Claims Board which would start on line 20, page 9 and go through line 10 on page 11. This is a \$25,000 cash fund increase to pay claims and \$4,827 General Fund increase because the staff has increased from 1.5 to 2.0. I move the adoption Mr. President of Section 7, as outlined to the State Claims Board.

SENATOR MAHONEY: Senator Marvel has moved for the adoption of the amendment. Voting aye, Mr. President. Mr. Clerk.

CLERK: 31 ayes, 0 nays.

SENATOR MAHONEY: Motion adopted. Continue Senator Marvel.

SENATOR MARVEL: Vince you have...we are correcting an amendment to the cash fund of Kearney State College, and I will alert the Legislature that we have had to increase as we went along the cash funds of some of these departments because of an Attorney General's opinion which indicates in affect that they can only spend out of cash the exact amount appropriated. It used to be that we would estimate. If they got more cash in there they could spend it. They can't do that anymore according to the Attorney General. Of course we are reluctant to open the thing wide open. So, that is the reason that in this amendment there is \$624,137 in cash, \$66,229 in a revolving fund....okay this is....well I misspoke, because there is \$42,000 cash and \$46,000 revolving fund at Kearney. Wayne is \$217,000 cash and \$19,000 revolving fund. Then Vince you have an amendment.

CLERK: Okay, Senator can we identify how far you are going on this motion? Is it...

SENATOR MARVEL: Okay, just a second, just a moment. Page 11, line 11, excuse me...no, you are on the white copy. All of what we are taking up now is either on the white copy or amendments to the amendment up there. One of our difficulties is that we try to keep up to date which means that you not only have a white amendment to a green one, but you have a white amendment to a white amendment to a green one.

CLERK: Okay, then you are going to page 13...

SENATOR MARVEL: Page 19, line 1. That takes care of the state college deficiency as I have explained it.

CLERK: Okay.

SENATOR MARVEL: Are you with me now?

CLERK: Okay. Page 19, line 1. Now Mr. President, we have some amendments. The first one is offered by Senator Marvel identified as Marvel amendment number one. It is found on page 1187 to the committee amendments.

SENATOR MAHONEY: Senator Marvel.

SENATOR MARVEL: Do you have more than one amendment to this section Vince?
